Dear Heather and Brad,

As you know, Halton Family Services provides professional, non-profit counselling to more than 2, 500 struggling individuals, couples and families in the area each year. The current economic climate has greatly increased stress on people who were already at the breaking point. Because the greatest portion of the funding of Halton Family Services comes from Halton United Ways, and the United Ways have been hit hard by the recession, we have the greatest need and longest waiting list in our history.

If people want to help, especially during the Christmas season, a contribution of any size would be deeply appreciated. As a registered charity, we can provide a charitable donation receipt for any donation greater than \$10.00.

Thank you so much for your on-going support of and interest in the work of Halton Family Services.

Sincerely,
